# Overview

Prime Pension & Benefit Consulting Ltd. provides complete group life & health insurance and retirement plan brokerage along with advisory services for companies and non-profit societies of all sizes.

We help our clients realize maximum value from their group insurance and retirement plans through competitive design, aggressive negotiation and high-level employee communication.

When it comes to managing client benefit costs, Prime Pension & Benefit Consulting considers plan design, employee cost sharing strategies, tax planning, alternative funding arrangements and competitive bidding.

Additionally we are positioned to assist in the evaluation and selection of capital accumulation service providers to accomplish the following objectives:

- Reduce plan related costs and administrative requirements
- Improve investment performance
- Improve employee communication and streamline recordkeeping and reporting requirements
